

SPIN- 自助洗衣店

Verse #1

There was this time when my clothes were so old.
Needed a place to make them new.
Hate going cause, you see pain in everyone.
Struggling, waiting that last spun.

Pre-Chorus

Watch it Spin. Watch it Spin. Is just non-stop.
Most hate it and will be the first place they drop.
Have the space, have money, No need for you.
You're in that class to show others we outgrew.
In my past, remembered all the time we were,
hanging, folding, talking and being together.
A great place for me to Ponder yet to be better.

Chorus

Now, looking back. The atmosphere of this place,
just gave me so much peace and let me dream.
just want to say thank you in this song from me.

Verse #2

Clothes to fold waiting for future to unfold.
Faces so cold yet you were warm.
Minds away, Brainstorms with dreams where everyone,
Was the same, waiting for that last spun.

Pre-Chorus

Watch it Spin. Watch it Spin. Is just non-stop.
Most hate it and will be the first place they drop.
Have the space, have money, No need for you.
You're in that class to show others we outgrew.
In my past, remembered all the time we were,
hanging, folding, talking and being together.
A great place for me to Ponder yet to be better.

Chorus

Now, looking back. The atmosphere of this place,
just gave me so much peace and let me dream.
just want to say thank you in this song from me.

Bridge

Sorry, though so little of you.
I was young, didn't understand and cruel.
