

Pang of Guilt

Pa

Do you think I am a creep? Why can't I throw a fit.

Just because I care, and my thoughts are so deep.

Sharing every bit of my life with no quit

And I do what I can just to make you understand.

The lesson we all should learn.

Is to have this **Pang of Guilt**

Time is passing by.

we just break what we all built.

A honor system that's pass due

This crazy time of hate just grew.

Movement of Me Too

Think you are right when you don't even have a clue.

Need to belong in the right crew.

we all just want to have what's new.

Do we even know what is true?

Everyone thinks they have the right point of view.

Did you hurt someone today?

Is it your way or show them the highway?

Do you think to help, or everyone is a prey?

Do you love to play to hate every day?

Do you act in love just to get a diamond ring?

Aren't you married yet want another quick fling?

Is a heartstring more important than a purse string?

Act one way but always with an eye wink.

How can you go to sleep? **Pang of Guilt** is what you need.

Only take the lead when is all about the greed.

What really truly matter is what will set you free

A honor system that's pass due

This crazy time of hate just grew.
