

Verse #1

10) Waking up not knowing where why or when.

Am I dreaming? Must be dreaming.

But there you were so beautiful and then.

Gently sleeping, softly breathing

How could I just keep on walking by.

And praying that you'd open-up your eyes.

Just one time, see your beauty inside.

Pre-Chorus

11) You and I were born into another world.

We still fell in love like every boy and girl.

If our future lands us way beyond the stars

Hold my hand I'll walk with you at least that far.

Chorus

14) I never thought that I could be crazy like I am now.

A fallen angel trembling tumbling down. down, down.

All I see is an effigy of you and me making a vow.

I believe if we can feel we can get by **somehow.**

Verse #2

10) One glance I knew I'd fallen there and then.

It's no secret, got no regrets.

I'll follow you until the very end.

Every twist and every bend.

I'm going/to fight for you I'll sacrifice.

Cause now I found my one and that's the price.

Love's the prize I'm holding onto for life.

Pre-Chorus

11) You and I were born into another world.

We still fell in love like every boy and girl.

If our future lands us way beyond the stars.

Hold my hand I'll walk with you at least that far.

Chorus

14) I never thought that I could be crazy like I am now.

A fallen angel trembling tumbling down, down, down.

All I see is an effigy of you and me making a vow.

I believe if we can feel we can get by **somehow.**
