

“Sing to me” to Jay Chou 聽見下雨的聲音 Rhythm of the Rain

So, this song

Is about this girl.

Her name is Veronica Chow. Her voice
sweet tuned, husky, control and deep.

She used to work for CPC.

Now she is known as TKC.

She speaks a lot of Cantonese.

But all I care,

Is if she can sing for me.

Her voice is so deep

It's so Chinese

Now Can't Fall Asleep

Hope maybe now she will

belt one out for me to hear

so, I can go to sleep

Do you want me

to buy you some Ice Cream?

So, you can just

Now sing for me

Hearing your voice now is

What I need

Should I

Pick up cookies and Crème

All Joking aside

Don't want to sound

Like a creep

But can you please

Just Sing for me

Don't want to beg

Please Sing for me

Please go to your car

Open your app and sing for me.
