

Quake

This ache

brought on us because of hate.

Will we ever come out of this wake.

Like a storm with an earthquake.

Our fate

decided on our birthdate.

will it be hell or Heaven's gate.

Lot of Shaking

On Four Five- tremors - scale near five

Will we come out.

to learn what we are about.

His dreams so Far

are we going to find out who we are?

are we a great team? or just mean to all that we see.

Only God knows where are we going to go?

What is making the world shake?

Are we all fake like a snake?

Do we have what it takes?

That's why the quakes.
