

"Take My Hand"

**The Clouds will dissipate with the morning sun
I will catch you when your troubles weigh a ton
You will always be in my heart
We will never be apart
They always say
Darkness comes before the dawn
Try and make you
A smooth road to travel on
After the brown leaves are gone
and the snow is on the ground**

**Take My Hand
Together we will go
Never be alone
All my heart
Take my hand
Make it anywhere
Together I swear
Don't be scared**

Take My Hand

The Clouds will dissipate with the morning sun
I will catch you when your troubles weigh a ton
You will always be in my heart
We will never be apart

Take My Hand
Together we will go
Never be alone
All my heart
Take my hand
Never be Apart
Love you from the start
Don't be scared
Take my hand

Traveled halfway around the world on
June 16th
To Hong Kong

It Does not matter where we are
You're my star
You -will- go- far

Take My Hand
Together we will go
Never be alone
All my heart
Take my hand

Make it anywhere

Together I swear

Don't be scared

Take My Hand
