

Remember Me

Don't remind me about the bad things I did.
Do you remember my nickname when I was a kid

I tried to be the best that I can be
So, you will always believe in me

Laugh at me with my plan on how to succeed
Disregard some feelings and eliminate most of my needs

Never had much so don't know much about greed
To have wealth in great speed

Remember me
When you find someone new who you believe
While you breathe think of all the times you smile right at me

Remember me
When someone say goodbye and your heart's not at ease
Why we live so we can remember great memories

We just don't know what tomorrow will be
Hope I gave you the foundation that you will need

It was always about what we believe
Not about who will concede

Took my time, writing this song only for you
When you hear it, hope that you know that my words are true

Remember my name and know that I try
It's time to say goodbye

Remember me
When you find someone new who you believe
While you breathe think of all the times you smile right at me

Remember me
When someone say goodbye and your heart's not at ease
Why we live so we can remember great memories
