Wish you all the best while you're away.

Enjoy every day. Have fun, ok.

Don't think about all your past pain.

I will do my best. So, you rest.

The Fall Season just come and go.

In the Future we'll just grow

Until you come back and won't let go.

All Goodbyes stings my eyes.

Time breaks us all apart. All Farewells break my heart.

Chorus

Don't worry is all ok.

Smile and play.

so much to say and just feel no pain. Yeah

But if you leave the very next day

Think of what is great.

Take with you. Memories of our best days.

Hope these words will make you sing.

Until we'll see each other someday.

Verse

Nothing ever stands in our way.

my hair will turn gray. but I am still Pang Fai

Still so many unfinished songs

Chorus that's all wrong

Poems from my youth with many hard truths

Don't count our days until now.

We'll keep on breathing while the world is falling.

Don't worry is all ok.

Smile and play.

so much to say and just feel no pain.

But if you leave the very next day

Think of what is great.

Take with you. Memories of the best days with me.

Remember me. Together we'll be.
