

GINGERLY - 小心翼翼地

adverb

in a careful or cautious manner:

Verse

Lately been asking why.

Thinking it is my time.

I was always told that,

our past never lie.

As this year passes by,

Do I have this fight?

I'll try.

Chorus #1

Gingerly I live my life.

Gingerly I walk the ground you're on.

The faith I used to have,

is so long gone.

Gingerly I listen.

Gingerly I watch you.

I just want to show,

you all my charms.

Please trust me that I'll never,
meant you harm.

Gingerly I touch the sky.

Gingerly I walk the ground you're on.

All the Adulations are now all gone.

Gingerly I'll hold you.

Gingerly I'll miss you.

If an Angel tells me, you're the one.

Will still not rush.

Because Gingerly I'll trust.

Bridge

Want to shout. Dying to be loud

Words are not allowed. Don't feel proud.

Being judged by a meaningless crowd.

Final Chorus

Gingerly I live my life.

Gingerly I will play this damn guitar.

The faith I used to have,

is so long gone.

Gingerly I listen.

Gingerly I watch you.

I just want to show,

you all my charms

Please trust me that I'll never,

meant you harm.

Conclusion

Gingerly I'll hold you.

Gingerly I'll miss you.

If an Angel tells me, you're the one.

will still not rush.

Because Gingerly I'll trust.
